

**Private Admonition -- Board Case No. 17, 1990. Date of Sanction: October 17, 1990.** A private admonition was authorized by the Preliminary Review Committee of the Board on Professional Responsibility and imposed for violation of **DLRPC 8.4(c)** (engaging in conduct involving deceit or misrepresentation). Attorney made false representations within a federal district court Motion for Enlargement of Time for the filing of a brief. The relative leniency of a private admonition was due to the attorney's lack of a prior disciplinary record.
